GOLD COMING FROM LONDON

Showing Foreigners Are Investing in Our Stocks While They're Cheap.

Situation on This Side, However, Encourages Wall Street Bears to Continue Raiding-Indianapolis Cereals More Active.

THE BOND MARKET.

Railway Issues Heavier on Sales That Ran Up to \$1,132,000.

At New York, yesterday, money on call was easier at 3 to 6 per cent., the last loan being made at 3, closing offered at 3.

Prime mercantile paper, 8@12 per cent, Sterling exchange was firm, with actual business in bankers' bills at \$1.814 @4.824 for sixty days, and \$4.833 @4.84 for de-

Silver was weak; certificates sold at 69. closing at 68% bid and 70 asked. Sales of silver certificates were 10,000 ounces. Mexican dollars sold at 58c; bar silver, 6812c, and in London 3234d.

There arrived by steamer to-day, from Europe, \$218,500 in gold, and \$315,000 more will be started from the other side to-mor-

The day opened at the New York Stock Exchange vesterday with a rush to sell General Electric, transactions in which were made simultaneously at prices ranging all the way from 4812 down to 46. The bears followed up this movement with a Violent attack on American Sugar and Chicago Gas until these stocks suffered a marked decline. The general list held up well, but later everything touched lower figures. The depression in Sugar was based on the demoralization in the market for raw sugar. The stock broke 3%, to 71%, and Chicago Gas 3, to 524. The final drive of the day was against Lackawanna, which was sold down from 1414 to 1374. The bank failures at the West, the scarcity of time money and the advance in sterling exchange all operated in favor of those working for lower figures. Late in the afternoon the market resisted the raids more successfully and a recovery of 1/2 to 31/2 per cent. occurred, with General Electric, Lackawanna, New England, Sugar, Illinois Central, Lake Shore and Rock Island in the lead. Among the specialties Pullman jumped 414, to 16014 and receded to 158@159. There was more or less covering of short contracts during the afternoon and some purchases for the long account. The buying movement was stimulated by the notice given in some cases that stocks would be bought in in case of failure of delivery. Speculation closed firm in tone. Railway bonds were heavy. The sales

were \$1,132,000. Richmond Terminal Trust receipt fives fell 542 to 18@20; Hocking Valley fives, 2 to 80; Erie seconds consols, 6 to 68@69; General Electric debenture fives, 4 to 68 and Wabash, Detroit & Chicago extended firsts, 21/2 to 971/2. Michigan Central fives of 1831 rose 3 to 108, and Union Pacific four-and-a-halfs sold at 48, against 60 the last priviously reported sale. Government bonds were steady and State bonds dull. Closing quotations were:

Total clearings in the United States for the week amounted to \$979,445,234, being a decrease of 7.5 per cent. Total ex-clusive of New York was \$415,589,850, a decrease of 14.4 per cent.

LOCAL GRAIN AND PRODUCE.

Little New to Note in the Local Markets-Prices on Staple Articles Steady.

Duliness is the leading characteristic of the local markets except on commission row, where estables are mostly dealt in. Indianapolis is now by no means getting the best of articles which enter into daily consumption. Commission men have bad but very few choice peaches, apples, tomatoes or like articles, yet they have got good prices for what they have handled. Poultry is a little firmer on a better Eistern demand. Eggs are weak, a good deal of poor stock being offered which candling throws out. There is a good deal of activity in the provision market, which may possibly have led to the advance in prices on some descriptions of hog products, being quite a surprise to the merchants who handle provisions, as they had looked for lower prices in July. Fruits and vegetables are all higher than at the corresponding period

The grain market is more active and more new wheat is being offered. Track bids yesterday roled as follows: Wheat-No. 2 red, 58c; No. 3 red, 54c; No. 4 red. 50c; rejected, 45@50c; anmerchanta-

ble, 35@40c; wagon wheat, 58c. CAN'T STAND BAD REPORTS

Milwankee Bank Failure Acted as a Wet Blanket on Chicago Markets.

Early Advances in Wheat Were Wiped Out in Short Order Near the Close, Spoiling What Had Been a Good Day for Bulls.

TRADING AT CHICAGO.

Provisions Were Pyrotechnical, Pork Advancing \$1,60 and Dropping 75c. CHICAGO, July 21 .- A bad slump at the close nearly spoiled to-day's record for the bulls in the grain market. The Milwankee bank failure is largely the cause. Compared with last night wheat is down %c and corn %c. There was a display of manipulative tireworks in pork and lard, but actual transactions were not large. After an advance of \$1.60 in September pork it ended with a net gain of 85c. Lard, after an advance of 37420; wound up with the modest gain of .0712c in September. October lard at the close shows no change since yesterday. Ribs are .10c higher. Wheat showed considerable strength during most of the session, the result of better feeling in New York and London. Cables reported steady markets abroad, while a good cash demand was reported from many points, Toledo alone reporting 325,000 bushels taken for shipment. Hot temperatures were noted all over the Northwest and there was considerable appreheusion felt that the crop might be materially injured by reason of it. Shorts were good buyers and there was a fair investment demand. While everything was indicating a strong market news came of the failure of the Commercial Bank of Milwaukee. The market got very nervous, and turned weak during the last hour in response to a drop in stocks. There was free liquidation. The sharp decline in corn also helped to weaken wheat. The final figures were about the lowest of the day.

Corn received more than usual attention. The principal feature was the relatively firmer tone to the near deliveries, cash selling up one time to 3sc over September. This would indicate that there was a better shipping demand for the cash article, and had a strengthening effect on the more deferred futures, but the closing out of a large long line increased the bearish sentiment and the market became weak. Prices went off rapidly during the last hour. Crop reports came in very favorable, heavy loadings of corn were reported in the country, and all the early strength was rapidly eliminated. Early buyers tried to seil, and longs let go with a unanimity that was remarkable. The market opened at yesterday's final figures, and soon sold up %c. August being the strongest. Later the price worked down %c for September, became steadier, and at | the close August was unchanged, while September was 4 @ se easier.

In oats the offerings of July were quite heavy early, and the prices dropped 4c from the opening figure. September was steady to a shade firmer, owing to a better inquiry, and also fewer sellers. The feeling toward the close was steadier, and July railied to, but closed with a loss of tac. Angust and September closed at 18040 advance, but May at 'sc decline.

There were 16,000 hogs at the yards instead of 20,000, as had been expected. That gave the manipulators a chance to scare the crowd. One or two buying orders for pork put \$1.50 on the price of that article. Then there was no further trade until the price was back to \$20. September lard advanced rapidly until it touched 10.374c. It then began to run down hill, and stopped only when it was back at 10c, the same price it had closed at yesterday. Ribs were quiet and governed by lard. Lake rates were firm with a fair demand

and light offerings at 1340 for wheat and 14c for corn to Buffalo, Estimated receipts for to-morrow are: Wheat, 100 cars; corn. 575 cars; oats, 220 cars; hogs, 9,000.

Dry Goods. NEW YORK, July 21.-Business in dry goods to-day was not as flat as yesterday, and the tone wasmore cheerful, yet what is doing is the result of compulsory needs. That these cause a fair volume of trade every few days gives assurance that consumption of goods is going on and that there is no large supply in the hands of dealers. Of course goods tend to accumulate, but the production is also apportioned to the circumstances. The brunt of the duliness accordingly falls on the mills. Whenever business resumes on any active scale the market is likely to be ready to respond in tone to demand. Clothing woolens are at the moment the only things of steady attention with a natural increasing movement at this time.

OIL CITY, July 21.—National Transit certifi-cates opened at 56%; highest, 57%; lowest, 56%; closing, 57c. Sales, 1.000 bris; shipments, 123,285 bris: runs, 61,732 bris. Old Soldiers Will Have a Good Time in September. Chicago Journal: From Sept. 11 to 16 will be a week of re-

REUNIONS AT THE FAIR.

unions and encampments at the world's fair. The old soldiers from the North, South, East and West will meet together there. The world's fair managers have designated this as "old veterans' week." and thousands of them will greet each other there. It will be just at the close of the National Encampment at Indianapolis, and many will take this opportunity to visit the world's fair and greet their old comrades. Gen. Andy Hickenlooper has called the meeting of the Army of the Tennessee at Chicago during this time. Gen. G. M. Dodge is president of this association. The ex-confederates from the South will visit Chicago and the world's fair during the encampment, and will join with their Chicago comrades in unveiling the monument erected over the graves of the six thousand confederate dead who sleep at Oakwoods Cemetery. Gen. J. B. Gordon, of Georgia, will deliver the address. There will be cordial greetings between these old soldiers from the sunny Southland and the boys who wore the blue. The world's fair managers will furnish a place for meetings and rennions. with bands of music and everything that will go toward making the soldiers enjoy

the week at the fair. PENSIONS FOR VETERANS.

Residents of Indiana and Illinois Whose Claims Have Been Allowed.

Pensions have been granted the following-named Indianians: Original-Denton A. Fleming, John Fullerton, Sample C. Byer, John Fahringer. Reissue-George Hapner, Frederick Sparcke. Original widows, etc.-Dorothy J. Livingston, Maria Hawkins, Martha Lightner, Mary Jane Marbry. Anna Rodibaugh, Elizabeth Atchason, Martha J. Rice, Zilpha M. Gregory (mother), minor of Frederick Wobler, minor of Barnabas J. Payne.

TO RESIDENTS OF ILLINOIS. Original-William P. Olden, Increase-Charles W. Ford. Reissue-Andrew Jacobs. Original widows, etc.-Margaret A. Johnston, Mary E. Hurhaus, Lydia Howard, minors of Thomas Childress, Maggle J. LaDow. Widows Indian wars-Mary Fleming, Elizabeth Donner.

The Wrong Society. Pittsburg Chronicle-Telegraph.

An amusing incident occurred on a Lake Chantauqua steamer, a day or two ago, in which a prominent Pittsburg society lady took a leading part. Not many years ago this young lady was a college girl, and belonged to a society whose badge was a beantiful golden key. She has never lost interest in hercollege society, and always speaks to any wearer of the key. So when she espled an aged woman sitting on the steamer's deck with a badge prominently displayed. her thoughts ran back to college days, and loyalty to her society demanded that she should recognize this plain-looking stranger. So she rushed up and exclaimed, "Oh. you belong to Kappa?" "Wall." said the woman, "I don't know what your Kapper is, but the old man sent me to the gold cure here to be cured, and when I gradnated they put this key on me." It suddenly dawned upon the young lady that she had mistaken her college society badge for the badge of a "jag" cure, and she retired discomfited.

A General Opinion,

Rochester Democ'at and Chronicle. The Ethiopian in the wood pile largely responsible for the financial depression is the fear that a Democratic Congress will overthrow the protective tariff.

Flatirons should be kept as far removed from the steam of cooking as possible, as this is what causes them to rust. When purchasing new ones, be sure and get those

FAILURES NUMBERED 4.674

Considering Which Dan's Weekly Report Says the Country Did Very Well.

Banks Made a Better Showing than Was Expected This Week and More Readiness to

Extend Accommodations Is Noticed.

NEW YORK, July 21 .- R. G. Dun & Co.'s weekly review says: This week the country has withstood surprisingly well an extraordinary strain. The failure of many banks and firms have come despite relaxation in Eastern and some Western and Southern money markets. Denver banks were overthrown largely by the crazy unwisdom of the people, but in most cities statements show the banks in a healthy condition and there has since been noticed more readiness to extend accommodation. Under all the conditions it is astonishing that business has been so well maintained with so much evidence of unsoundness. Even while cotton and woolen mills were working overtime on past orders, the scautiness of new orders was noticed and the great frequency of cancellations. Close observers also saw evidence of decreasing distribution to consumers, so that dealers were left with part of their stocks unsold and wholesale dealers found less encouragement to buy. In dry goods cancellations are still numerous and orders are small. Some improvement is seen in dress goods. Sales of wool are remarkably small. The stagnation in iron closes some mines in this State and New Jersey and most mines in Michigan. The market is going downward; pig is inactive. Though dealers in bar and structural are somewhat larger, prices are the lowest ever known. Purchases of tin are moderate and prices lower, while lead is weaker at 3.6c. Wheat has tallen 2c, corn le. Pork products and oil are lower. In place of the expected advance in sugar a decline has come, and corton, after some advance, recedes again.

Western recipts of wheat are moderate, and exports fairly large, but unprecedented stocks press for sale. The stock market closed last week hopefully, but by Wednesday had reached the lowest average of prices since 1881. London and short sellers then bought, and some recovery has followed. At Philadelphia banks are holding ourrency and strengthening themselves. An easier feeling prevails at Pittsburg in iron. The Cincinnati money market is easier, and Cleveland reports the grocery trade good, but iron wholly inactive, In-

dianapolis notes no improvement, but banks in strong position, and Detroit a quiet business, with the outlook not very Chicago reports 19 per cent. decrease in clearings, 25 per cent. in real estate sales and 9 per cent. in east-bound shipments, with active demand for loaus, but more freedom in lending and better feeling. Receipts of products are 45 per cent. larger for corn and 30 for wool, but most other articles decreased-70 per cent. in wheat, 50 in dressed beef and 28 in cattle. At Milwankee the closing of some manufactures and the reduction of wages in others and the failure of the great tron syndicate are noticed. At St. Paul trade is restricted, and at Minneapolis lumber sales are reduced and sales of flour below the output, Omaha trade is good and St. Joseph fair. Receipts of cattle are light at Kansas City.

Denver trade is demoralized but now more hopeful, and many reported assignments are regarded as a measure of protection. St. Louis reports business good in volume and character, but trade checked by closeness of money, banks fortifying themselves. Money is tight at Little Rock, but the strain is borne remarkauly well. At Nashville trade is fair. at Atlanta backward, at Macon a better demand is seen, at Augusta retail trade is fair and at Columbus business is a shade poorer. New Orleans finds trade somewhat improved, with banks very conservative: sugar weak and crop prospects excellent. At Galveston crop reports are less encouraging, but at Mobile better. At Jacksonville credits are cautions, and at Charleston crop prospects are poor. The treasury has been paying gold to the banks, but on the whole increasing its holdings. Exports of products are a little larger than a year ago, but imports are also large.

The failures during the past week number 467 in the United States, against 168 last year, and 25 in Canada, against 19, two of the failures being of capital exceeding \$500,000, and 101 others of capital exceeding \$5,000 each. Last week the failures in the United States numbered 874.

Odds an . Ends

To start a coal fire when nearly dead

sprinkle a little salt upon it. Coveryour kitchen table with zine or tin. Hot dishes will not injure it, and it is easily cleaned. Put salt on the clinkers in your stove or range while they are bot, after raking down the fire, and it will remove them. Sprinkle a layer of dry sand in the oven

and let the cake pans rest upon it. This bottom. To relieve pain from bruises and prevent discoloration and subsequent stiffness nothing is more efficacious than fomenta-

tions of water as hot as can be borne. To clean bottles cut a raw tomato into small pieces and put them into the bottle with a teaspoonful of salt and a little water. Shake well together until every mark is removed.

It is said there is no manufactured article of powder better than ordinary corn starch, the kind used for culmary purposes. It gives the desired smoothness to the face and is perfectly harmless. Pansies should be watered every evening and the spaces between the plants kept

clean. Unless the flowers are picked every

day the plants will soon cease to produce

flowers, as the effort is to seed, which ends

ADVERTISED LETTERS.

the production of flowers.

The following is the list of letters remaining unclaimed in the Indianapolis Postoffice Saturday, July 22, 1893. Please call for "Advertised Letters" and give the date of this list

Ladies' List.

B-Bassett, Mrs. Carrie; Byers, Miss Bontha, Barnes, Mrs. W. E.; Billinsey, Mrs. Wm.; Baker, Mrs. Zilla. C-Campbell, Mrs. Eva; Canfield, Mrs. Mabel; Chapell, Miss Julia M.; Clark, Ethel.
